COL. HARDING TAKES OATH OF OFFICE

Engineer Commissioner Also on "Public Service," from Which Mr. Johnston Is Excluded.

Col. Chester Harding entered upon his duties as Engineer Commissioner of the District of Columbia yesterday, and one of his first official acts was to take the oath as a member of the Public Service Commission, which will be organized tomorrow at 10 a. m., with Commissioner Rudolph as its other member. Commissioner Johnston will not be a member, as he is trustee of a large estate, in public service corporations outside the District, thus being indirectly interested.

It is provided in the public utilities bill that no commissioner shall be directly or indirectly interested in any public utility or in any stock, bond, mortgage, security or contract of any such public utility, and if such commissioner shall voluntarily become so interested, his office shall become vacant. Corporation Counsel Thomas is of the opinion that this rule Commissioner Johnston out.

Col. Harding will be made chairman of the new commission.

Entertainments for the Blind.

Miss Catherine Cannon will give a song recital for the blind at National Library for the Blind Thursday at 8 p. m. She will be assisted by John Young, tenor, and Miss R. Louise Young, accompanist. Mrs. Mordcau, wife of Gen. Alfred Mordcau, will read a group of stories at the library on Saturday at 2:30 o'clock.

An appropriation of \$5,000 has been authorized for the library. This will enable it to greatly broaden the scope of work.

Will Talk to Veterans.

A treat of an unusual kind is to be given the veterans and members of the patriotic orders of women and all their friends by Kit Carson Post on Wednesday evening at Grand Army Hall. John McElroy, commander of the post, has invited his friend, Capt. A. E. Hunter, of Worcester, Mass., to give an illustrated talk on his life service in a United States military, which is said to be extremely interesting.

Earthquake Felt Here.

Earth disturbances were recorded yesterday by the seismograph of the Georgetown University Observatory. As reported last night by Father Torndorf, the first shock was felt at 10:30 and continued until 11:20 o'clock. The disturbance was moderately severe and its center was estimated to be about 4,000 miles away. It is not unusual for earthquake shocks to be recorded at a distance of 10,000 miles from the center of the disturbance.
